DRIVER EDUCATION ANNOUNCEMENTS:

Behind the Wheel openings for the November session are still available. Contact Mr. Miller at (217)444-1579 or millerc@danville.k12.il.us for more information. Times are available before and after school. You must have completed Auto Safety and have your drivers permit. Fees are paid to Angela Jones, Cashier.

Auto Safety for second semester will be offered before school (6:30 – 7:20 a.m.), during the 3rd quarter (Jan. 18) for all 15 yr. old students needing the classroom phase (older freshmen or students who could not fit it into their schedule). Sign-ups will in December (wait for announcements). See Angela Jones to sign up or call (217)444-1601.

FROM THE PRINCIPAL

Danville Viking Families:

Happy Fall! It is hard to believe that we have been in school for over a month and we continue to learn that this has really been a difficult transition, but we are making it work. Don't get me wrong, we still have lots of work to do, but our students are making improvements every day and that is what it's all about. I have been asking for your support and continue to ask for support in respect to discipline related to cell phones so that we keep our students in school, and create a positive learning environment for all students.

Danville High School has steady enrollment numbers in comparison to last year. What does that mean? That means our students want to be in school and want to learn. This is so important for the success of our students, but we cannot forget the expectations that the Board of Education has set in place are there to ensure the success of all Danville High School students. It is necessary and imperative that parents support us in this journey so that we can have the safest and most respectful learning environment for our students and teachers.

Academically, we are focusing on AVID building-wide and closing those achievement gaps that have been caused due to COVID. We know that it is a process for our students, and we are teaching from a perspective of keeping students on track, but allowing time to fill in those gaps through one-on-one, differentiation of instruction, small groups, and other interventions to support student learning. The AVID methodologies will allow our teachers to utilize many strategies that require students to be more engaged and will also provide more rigor during the instructional time. Now that AVID has a more inclusive approach, it is much easier to integrate and allow all students to benefit from the methods that work.

We have some exciting events coming up very quickly. Homecoming is October 22nd and 23rd. At this time, we will play Urbana J.V. Friday night, and all other events will be held as well. The dance is scheduled for that Saturday in the DHS Fieldhouse. Much more information will be available to students on the DHS Facebook and website pages. The student expectations are as follows: Beginning Monday, Sept. 27-Oct 22, no unexcused absences and no suspension days. Students must meet the participation expectations to attend. We want all students to be involved in some way and we hope to have a very spirit filled homecoming week and celebration!

We are very close to the end of the first quarter and students it is important to make sure you are getting all work turned in and taking re-takes when appropriate. It is never too late to pass a class, but you must make the effort and follow the re-take protocols. Your success depends on you, and your teachers are here to help at any time. Do not hesitate to reach out, and always check your Google classroom for work you may have missed due to absences or missing class.

Lastly, I want to acknowledge our students who come to school on a daily basis and follow the expectations as outlined in the student handbook and the Ownership in Education. We often forget those students because our attention is drawn to the student who is non-compliant. Thank you for doing your best and recognizing the importance of creating an environment that fosters success. Some days may be harder than others to follow the rules, but it is what we must do in order to be successful. We all are in this together so parents I thank you in advance for the much-needed support in respect to the cell phone policy and the standard of dress. I applaud you on the positive changes that are taking place, but we still have work to do and we have to do it together!

Thank you again for helping to make Danville High School the best it can be. It takes a village!
