

KENNETH D BAILEY ACADEMY

WELCOME BACK TO SCHOOL!

Vision: Kenneth D. Bailey Academy
Ensures Excellence From All, for All.

A note from the principal

Greetings, KDBA Families!

Welcome to the 2024-2025 school year! This school year has already brought significant changes for the staff and students of KDBA and we are incredibly grateful for everyone's patience and support during this season of transition. Not only have we thoroughly enjoyed getting to know and work with our new group of students, but we've also gotten to witness our returning students model leadership and community since their return from summer break. This school year, our Wildly Important Goal (WIG) is that "75% of students at all levels (middle and high school) in the Kenneth D. Bailey Academy alternative programming will increase their self-awareness by setting and monitoring monthly goals to be more motivated and confident in their academic success." We have encouraged our students to set and monitor their own academic, attendance, behavioral, and personal goals for the year. We look forward to celebrating their growth and successes over the course of the school year, and beyond.

Looking forward to another exciting year!

WILDLY IMPORTANT GOAL

Every year schools across the state set goals for the year that are part of our School Improvement Plan. This year, all District #118 schools were asked to choose one goal as our Wildly Important Goal (WIG) to really focus on with our staff. This year at KDBA our WIG is:

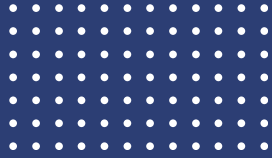

75% of students at all levels will increase their self awareness by setting monthly goals; personal, behavioral, and academic.

We think goal setting is a critical step in navigating both school and life successfully. When we know how to set and achieve goals, our possibilities are endless. Ask your student about their goals!
